

## Demarcation barrier

### Description:

The delimitation chain is used to mark a pathway on a roof or any other area inaccessible to the public. Available in a free-standing version on a ballast weight, or with a fixing plate for steel decks.

### Details:

**Material:** Aluminium concrete/stainless steel

**Finish:** Raw or powder-coated

**Assembly:** Delivered with manuals and drawings available online at: <http://extranet.somain.fr>

### Free-standing version

### Steel deck version
